

2022 Rynat Colour Palette

Exclusive Anti-Microbial Compact Laminate Colours by Merino

Anti-Microbial Compact Laminate

Multipurpose Compact Laminate
Suitable for Wet and Dry Applications

WHAT IS ANTI-MICROBIAL COMPACT LAMINATE?

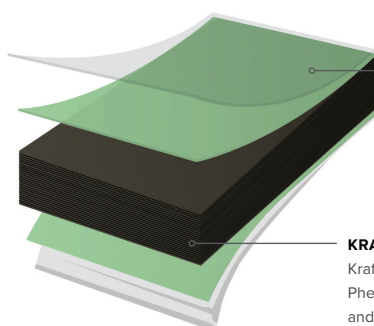

Anti-microbial compact laminate is a polymer-matrix composite consisting of layers of materials that have been treated with an anti-microbial agent, it combats microbe growth on laminate surfaces. It prevents bacteria, unpleasant odours, staining, and premature surface deterioration.

All Rynat laminate products come with anti-microbial compact laminate so that your bathroom/change room areas are built to the highest standard.

BENEFITS

- Active 24/7
- Effective Against Bacteria & Mould
